Joletta is a worship leader, ministry consultant, and award-winning Christian artist who combines heartfelt soprano, gospel sounds, and intimate stories in all her original songs.

Originally from Silver Lake, Indiana, Joletta began her church music journey at the age of 12 by serving as the Assistant Pianist in her local congregation. Since then she has led worship in many churches across the United States and within a variety of denominations.

Joletta believes musical worship is most meaningful when coupled with creativity. She explored this concept in her worship album, "Prays," which featured worship songs in the styles of contemporary, classical, gospel, and southern. The Rhythm of Gospel Awards nominated Joletta and the "Prays" project for six awards in 2023.

Joletta's music can be streamed and downloaded through all online music platforms.
